Looks good. Thanks for the comment. I will update the document and also prepare a point-by-point response to your comment to summarize how each of the comments was addressed.

One question: Do these comments include all EPA comments for this document (Judy Smith, Eric, Chip, and everyone) or am I still waiting for additional comments from other folks at EPA?

Dave

Dave, attached are our comments on the initial release of the PHA for Portland Harbor (ORSFN1002155). I have also sent a copy to ATSDR in Atlanta.
